

Club Pass/Guest Players

Long Island Junior Soccer League: You are allowed to roster a maximum of 5 players from within the club for every league game. Those 5 players may come from any age appropriate team within the club, regardless of the league those players play in. When you add players to your LIJSL roster for a particular game, the roster will reset after the weekend and those players will be removed. You can add players again for the following weekend.

Steps:

- 1) Login to your gotSPORT account
- 2) Click "Team Management"
- 3) Click your team
- 4) Go to "Rosters"
- 5) From the dropdown, choose the LIJSL roster.
- 6) Click "Add Club Pass Player"
- 7) Enter the players first, last name, and date of birth.
- 8) After you add the player, when you go to print your match card, the player should now show up highlighted with a "CP" (CP = club pass) next to his or her name.
- 9) You are allowed up to 5 of these players per game.

EDP League: For EDP, you do not need to add the player to your roster in gotSPORT. If the player is age appropriate, all you need to do is staple to your match card the roster of the team the player plays for.

- A Player whose primary team is participating in the EDP National League conference cannot play on an EDP team, of the same event age, outside of the conference.
- A player whose primary team is participating in the EDP North Atlantic league is not permitted to play on a team that is more than ONE division lower than their primary team's division level

****EDP League Cup**:**

- A player on a GOLD team may ONLY play on ONE team (GOLD) within the same age group
- A player on a SILVER team may ONLY play on one SILVER team within the same age group.
- A player on a SILVER team may play on any GOLD team within the same age group.
- A player is permitted to play up on age group(s) without any restriction.
